STATEMENT OF INTENT
REGARDING THE GUILTY VERDICT AND \$5000.00 AWARD
FOR DEFAMATION: MAURICE VELLACOTT CASE

In the last seven years, George Laliberte has gone through extreme emotional distress as a result of the corrupt political practices of the Liberal Party of Canada and the resulting recent legal misrepresentation by the Mckercher Law firm on his behalf.

It is obvious up to this point that Mr. Laliberte was used as a scapegoat in a cover up as a result of mistakes made during 2006 Federal elections; in order to protect the image of individuals and the institution of the Liberal Party of Canada. This cover up continued in collusion with the Mckercher Law Firm in the legal proceedings of recent judgement that was awarded to Maurice Vellacott. As a result of these actions made against Mr. Laliberte, not only is this an insult and disrespect of our traditional elders in our community, it is also a reflection in the continuation of Canada's long history in using First Nations Peoples as political pawns.

Therefore, we feel the proper process towards a remedy for Mr. Laliberte for damages are the following remedial actions:

- 1. A reversal on the 5000.00 Vallecott case against Mr. Laliberte**
- 2. Damages against Mckercher law firm for legal misrepresentation.**
- 3. Damages and a public apology from the Liberal Party of Canada.**

George Laliberte
